

The Ferns Primary Academy Year 1 Autumn Term Curriculum

What will we be learning this term?

Miss Roberts

Miss Salmon

Miss Bonney

Miss Wilby

Mrs Georgieva

Author Of The Term:

- Steve Antony

Scientist Of The Term:

- Aristotle

Reminders

The playground is supervised by a member of staff from 8.45am. School starts promptly at 8:55 am. Please contact the office on the first day of the morning of any school absence.

We appreciate that starting Year 1 is a big step for many children. Many aspects will be similar to Reception, however we are now expecting children to take more responsibility for themselves and their belongings. There will be more formal learning in Year 1 we encourage the children to become more independent learners.

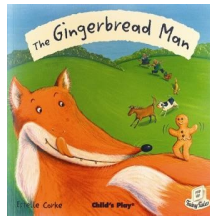

PE

For this term your child's PE provision will be outdoor sports. They will need to have full P.E kit in school every Tuesday. We encourage children to leave their PE kit in school all half term.

Children will participate in an English and Maths session each morning, with Science, ICT and the foundation subjects taught in the afternoon. The afternoon sessions will be linked by a topic. Each child is also in a phonics group and has one phonics lesson a day.

English

Quality Texts : 'The Gingerbread Man'.

We will be reading a range of books relating to our topic 'How is the Gingerbread Man different to me?', including 'The Gingerbread Man' and 'Healthy Foods'. Please use the local library to continue learning at home.

Our main focus for the next half term will be:

- writing full sentences
- capital letters
- finger spaces
- full stops.
- letter formation

Please encourage your child to use the Ferns cursive letters when writing.

Topic

Where was Pudding Lane?

Our topic for Autumn term is all about the Great Fire of London. We will be learning the key events and putting them into sequence. We will look at the United Kingdom as a whole and the children will learn to identify the countries that make up the UK and they should be able to locate London on the map.

Maths

This term, the main focus for children will be the development of their skills in number and calculation.

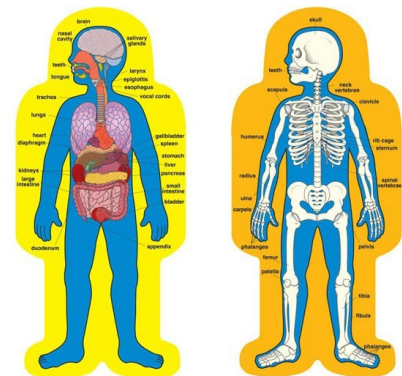

In Year 1 we are learning about numbers, fractions and money. We need to be able to count to 100 and read 2 digit numbers. We will also learn how to add single digit and 2 digit numbers.

Science

Enquiry Questions: *How is the Gingerbread Man different to me?*

The children will learn about the human body, the five senses, staying healthy and growth.

Home Learning

Children's home learning will be given out on a Friday and should be completed and returned by the following Wednesday.

Please remember that children are expected to read at home every evening and their reading record should be signed by an adult when they have done so. It is extremely important for children to read at home as well as at school. **If you are unable to read with your child please let a member of staff know as a matter of urgency.**
