

9th January 2018

Dear Parents/Carers

Visit to school by champion athlete

As part of the children's learning in PE we have arranged a whole school visit by **Team GB athlete Naomi Ogbeta**. Naomi is the European Triple Jump Junior Champion (bronze medallist). Naomi will be working with every child in school to develop skills and promote healthy lifestyles: who knows she may inspire an Olympian hiding amongst us!

The visit is being arranged by Sports for Champions UK[®]: a charity that supports young and emerging British athletes. In return for the work that Naomi is doing with us they have asked us to fundraise for the charity through a sponsored fitness workout. The money raised will be split between Sports for Champions UK[®] and sports equipment for the playground in our school.

Please find enclosed a letter from the charity and a sponsorship form. In school we have spoken to the children about collecting 'safe sponsors' as well as talking to them about their training program.

If your child wishes to collect sponsors for the event, please return all sponsor money and the form to school by **Wednesday 24th January**. Naomi will be handing out participation awards to all children as well as individual and class prizes for the most sponsors raised.

Yours faithfully

Mrs G May
